Description :

PDF-28248 | Easter Island is so isolated that it is not certain whether it is part of Polynesia or an off-shoot of South America.

Geologically, it is neither; just a volcanic lump in the vast expanse of the Pacific Ocean. Its original inhabitants probably came from Polynesia; since supplanted by migrants from Chile, which is the political authority governing the island. Regardless, it is an intriguing place, ... *1.Easter Island & Santiago Travel Reference Map*
