Description :

PDF-6ae3c | No Power! No Water! No Heat! No Problem!

What would you do if the power went out for several days? Or perhaps a few weeks? Do you have an alternate power source? What is the most efficient use of your resources? If the water became contaminated or totally unavailable, are you ready? How much do you need? Where do you store it? How can you purify it? How would you cope with the total loss h... *Caught Prepared: Living without Services: No Water, No Power, No Heat... No Problem*
