ISBN : #0683304925 | Date : 1998-01-15

Description :

PDF-09f00 | Following an "external to internal" presentation, each chapter of this atlas begins by describing the anatomical structure of the organs in a systematic manner, before moving on to regional anatomy. The examination of both superficial and deeper layers should make this text well-suited to students. Cross-sectional anatomy is becoming increasingly important, especially to clinicians, and additional... *Color Atlas of Anatomy: A Photographic Study of the Human Body*
