ISBN : #1466595566 | Date : 2016-07-18

Description :

PDF-95a3c | This book introduces the concept of hazards as part of the earth's natural systems, in contrast to "disasters," which occur at the intersection of the built and natural environments. The authors emphasize choices made by society that either increase or diminish our level of vulnerability to the impacts of hazards and discusses the role of the emergency manager in how these choices are made and a... *Hazard Mitigation and Preparedness: An Introductory Text for Emergency Management and Planning Professionals, Second Edition*
