Description :

PDF-3d960 | A unique and beautiful collection of fifty maps in which our physical, political and cultural world is visualised, measured and mapped like never before. From charting energy networks to revealing new and emerging lands, measuring human migration to assessing the planet's ant populations – and including the phenomena we have little control over such as lightning strikes or asteroid impac... *New Views: The World Mapped Like Never Before: 50 maps of our physical, cultural and political world*
