Description :

PDF-2c119 | This is not a book about how to survive so much as what tools to choose to help you do that and, more especially, how to use those tools effectively. Lots of people buy a survival kit, or even put one together themselves, but don't thoroughly test the contents or learn to use them well enough that they really have the best chance if ever they have to rely on them. Considering that we are talking ... *Personal Survival Kits: and how to use them effectively*
