Description :

PDF-c69c8 | Smart phones and GPS give us many possible routes to navigate our daily commute, warn us of traffic and delays, and tell us where to find a cup of coffee. But what if there were sea serpents and giant man-eating lobsters waiting just off course if we were to lose our way? Would there be an app for that? In the sixteenth century, these and other monsters were thought to swim the northern waters, th... *Sea Monsters: A Voyage around the World's Most Beguiling Map*
