Description :

PDF-5e8e8 | A comprehensive guide to global warming and the steps we must take to combat it. The evidence continues to mount: melting ice caps, rising temperatures, increasingly frequent natural disasters. As the devastating effects of global warming come into sharper focus, societies must work to both mitigate greenhouse gas emissions and adapt to ongoing and inevitable climate change. The actions taken in t... *State of the World 2009: Into a Warming World (State of the World)*
